

INTRODUCING SCOUT® GPS LINK

With the new Scout® GPS Link¹ app, you can get cell phone-driven navigation, voice-activated search and more delivered right to your vehicle's multimedia display. Available exclusively on model year 2016 Toyota vehicles equipped with Entune™ Audio Plus, Scout® GPS Link provides you with directions, traffic-based commute information and hands-free voice command capabilities. It keeps track of where you've driven and lets you save your favorite destinations. Easy-to-read with automatic day and night modes, Scout® GPS Link connects your car to your smartphone and to the cloud.

HOW TO GET THE APP

Customers who purchase a **2016 Toyota with Entune™ Audio Plus** can download the Scout® GPS Link app from the **Apple App Store** or **Google Play**.²

After the app is installed on your phone, connect it via Bluetooth® to your vehicle's multimedia system. Entune™ will prompt you to install Scout® GPS Link on the radio.

Please note that Scout® GPS Link utilizes your cell phone data plan.³ See the next page for detailed instructions on how to get the Scout® GPS Link app and how to set it up on your Entune™ Audio Plus system.

HOW TO SET UP SCOUT® GPS LINK IN YOUR VEHICLE

To access Scout® GPS Link¹ on your Entune™ system, you will need a compatible iPhone®⁵ or Android™ smartphone that is connected to the Entune™ system via Bluetooth®. The Scout® GPS Link app must be running on your smartphone. This app utilizes your smartphone's data plan.³

To use Scout® GPS Link on your Entune™ system, the app needs to be loaded on both your smartphone and the Entune™ system. Please park your vehicle and follow the directions below to set up Scout® GPS Link in your vehicle.

1

Connect your smartphone to your vehicle's Entune™ system via Bluetooth®.

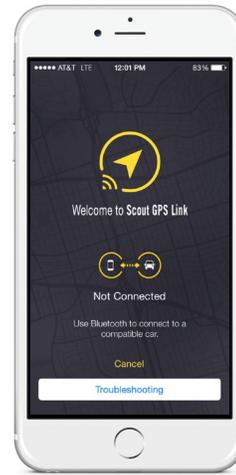

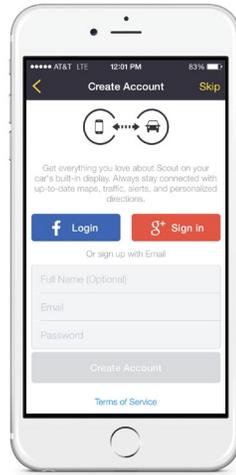

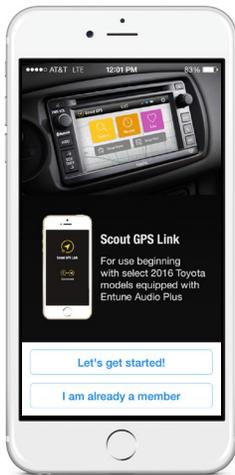

If you need help in pairing your smartphone via Bluetooth, follow the instructions on [this link](#).

2

Download the Scout® GPS Link app from the Apple App Store (iPhone) or Google Play² (Android) to your smartphone.

Open the Scout® GPS Link app on your smartphone.

3

On your smartphone, touch "Let's get started!" to begin.

(If you are already a registered Scout® user, select "I am already a member" to sign in and initialize the app.)

4

Create a Scout® account (optional) or touch "Skip" to initialize the app.

5

One of these screens or the map screen will appear on your smartphone when the app has been successfully initialized.

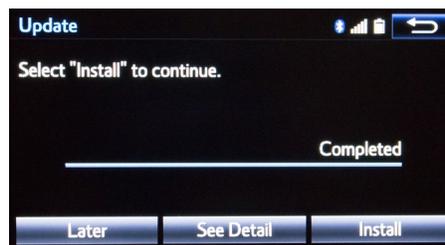

(To use Scout® GPS Link on your smartphone or in the vehicle, you must allow the app to access your location.)

6

After initializing the app on your smartphone, the vehicle touch-screen display will prompt you to update your Entune™ system. Touch "Now" to begin.

(Once the update begins, you can select "Download in Background" to use other Entune™ functions)

7

After the update finishes downloading, you will need to install it. Select "Install" to complete the installation onto your Entune™ system.

After the installation is complete, the Scout® GPS button will appear on the Apps screen. You're ready to start getting turn-by-turn directions⁴ from Scout® GPS Link.
